Bedford Parks and Rec Presents: Squam Lake Science Center With On Golden Pond Cruise June 28, 2016

Only
\$99

Join us as we travel to Holderness NH and Squam Lake. Once you arrive at the Science Center participate in a presentation about New Hampshire Wildlife. Are you curious about the critters that inhabit the Granite State? Meet some of the wild animals you might see on a hike and learn about the characteristics that suit them for life in New England. Lunch will be at **Walter's Basin**. In the afternoon we will explore Squam Lake by pontoon boat, providing you with the best opportunity to take pictures. Squam Lake has been used for the setting of Movies such as "On Golden Pond" and is considered to be one of the most picturesque lakes in NH. The pontoon boats have sides that roll down in case of bad weather.
